

Name of service/organisation:

Living with Reflux

Description: Living With Reflux is a charity which has been set up by fellow sufferers to support families with Gastro-Oesophageal Reflux (GOR) and Gastro-Oesophageal Reflux Disease (GORD) and other associated conditions, supported and advised by our Medical Advisory Board (MAB). Alongside this we provide support, information and educational recourses for medical professionals at large. Family membership is free.

Our company aims and objectives are as follows:

1. To promote and protect the physical and mental health of sufferers of gastro-oesophageal Reflux (GOR) and gastro-oesophageal reflux disease (GORD) and their families through the provision of support, education and practical advice and promoting research into causes, treatments and possible cures of GOR and GORD;
2. To advance the education of the general public in all areas relating to gastro-oesophageal reflux (GOR) and gastro-oesophageal reflux disease (GORD).

We have an online community forum - a group of parents and carers who've come together to support, gain experience and make new friends with others who have infants/children suffering with reflux. We arrange local get togethers, have fun and support each other when times get tough.

Intended client group: Families of children suffering from gastro-oesophageal reflux of gastro-oesophageal reflux disease.
