

FEDS Kirklees
Supporting Families of eating disorder sufferers

Eating Disorders affect “Families”

Unless your family have been affected by an eating disorder you have no idea what it does to your child; your family; your life.

Eating disorders turn your whole world upside down and the only people who have any idea of what you are going through on a daily basis are “Families of Eating Disorder Sufferers”

- Do you have a child or adolescent who suffer from an eating disorder?
- Would like to meet other families/parents/carers who know what you are going through?

FEDS Kirklees is a new support group for Families of Eating Disorder Sufferers. This will be b-eat (leading charity for eating disorder awareness) affiliated in March 2012 when our support group will be added onto the b-eat website.

The purpose of the group is to provide a place where “Family members” of eating disorders sufferers can meet up and share their own experiences in dealing with an eating disorder. If you are interest in joining/attending /supporting the group please look at

I will up-date the “blog” on the date and place of each meeting.
